

# Beyond Career - Web Development Internship Assignment

## Live Website URL:

<https://your-deployed-site.vercel.app> (Replace with actual URL)

## GitHub Repository URL:

<https://github.com/your-username/beyond-career> (Replace with actual URL)

## Design Rationale (50 words):

The design uses a clean, modern layout with a professional blue theme to convey trust and ambition. Typography is kept simple for readability. Responsive sections adapt well on all devices, and smooth scrolling enhances user experience.

## Technical Documentation (30 words):

Built using HTML5, CSS3, and vanilla JavaScript. Challenges included responsive layout and form design. Optimized images and used semantic HTML for performance and accessibility.

## Deployment Guide (20 words):

Uploaded project to GitHub, connected to Vercel, and deployed. Chose Vercel for its simplicity and fast deployment.
